

# 381 Remote Display True-RMS AC/DC Clamp Meter with iFlex™

The first clamp meter with a detachable, remote display for easier, faster, safer measurements

The new Fluke 381 does everything you would expect from a clamp meter, and then lets you remove the display for even more flexibility. Now one technician can do jobs that used to require two people; clamp the Fluke 381 around a conductor, remove the display and walk across the room to operate controls or remove protective equipment, all while watching real-time readings. The new iFlex™ flexible current probe (included) expands the measurement range to 2500 A ac while providing increased display flexibility, ability to measure awkward sized conductors and improved wire access.

## **Technical Data**

### **Measurement capability**

- 1000 A ac and dc current measurement with fixed jaw
- 2500 A ac current measurement with iFlex<sup>™</sup> flexible current probe
- 1000 V ac and dc voltage measurement
- True-RMS ac voltage and current for accurate measurements on non-linear signals
- Frequency measurement to 500 Hz with both jaw and iFlex
- 60 k $\Omega$  resistance measurement with continuity detection
- Min, max, average and inrush recording to capture variations automatically

#### **Features**

- Wireless technology allows the display to be carried up to 10 m away from the point of measurement for added flexibility without interference with measurement accuracy
- iFlex<sup>™</sup> flexible current probe expands the measurement range to 2500 Å ac while providing increased display flexibility, ability to measure awkward sized conductors and improved wire access
- CAT IV 600V, CAT III 1000 V safety rating
- Integrated low pass filter and state of the art signal processing allows for use in noisy electrical environments while providing stable readings
- Proprietary inrush

measurement technology to filter out noise and capture motor starting current exactly as the circuit protection sees it

- Ergonomic design fits in your hand and can be used while wearing personal protective equipment
- The removable magnetic display can be conveniently mounted where it is easily seen
- Radio transmitter automatically turns off when the display is connected to the meter
- Large, easy to read, backlight display automatically sets the correct measurement range so you do not need to change switch positions while taking a measurement
- Three-year warranty
- Soft carrying case

# Ordering information

Fluke 381 Remote Display True-RMS Clamp Meter with iFlex™

#### **Specifications**

Fluke 381	Range	Resolution	Accuracy
AC current via jaw	999.9 A	0.1 A	$2\% \pm 5$ digits
AC current via iFlex™	2500 A	0.1 A	3 % ± 5 digits
DC current	999.9 A	0.1 A	2 % ± 5 digits
AC voltage	1000 V	0.1 V	$1.5\% \pm 5$ digits
DC voltage	1000 V	0.1 V	$1\% \pm 5$ digits
Resistance	60,000 Ω	0.1 Ω	$1\% \pm 5$ digits
Frequency	500 Hz	0.1 Hz	$0.5\% \pm 5$ digits
True-RMS	•		
Continuity	•		
Hold	•		
Backlight	•		
Min/Max	•		
Inrush	•		
Low pass filter	•		
Removable wireless display	•		
45 cm (18 inch) iFlex™ Flexible Current Probe	Included		
25 cm (10 inch) iFlex™ Flexible Current Probe	Accessory		
Wire capacity	34 mm		
Safety rating	CAT III 1000V, CAT IV 600V
